

Data collection terminal  
for Cartadis TC4N

## CARTADIS TP2

Data collection  
of

TC4N units

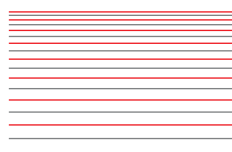

Data printing  
of

TC4N units

Follow your photocopies uses with the Cartadis TC4N readers  
and the TP2 data collection terminal

- Simplifies the collect of your statistics data
- Data retention of all your site
- Integrated printer
- Functioning with batteries
- Centralized control of accounts locking

# Cartadis TP2

## ■ Principle

As your site of photocopies is fitted with **Cartadis TC4N**, the **TP2** portable terminal will enable you to:

- collect the 10 000 accounts and 99 departments of the **TC4N**,
- reset or not the **TC4N** once transferred to the **TP2**,
- view or print out data of every **TC4N** or cumulated data stored on all the site,
- locking or unlocking of accounts centralization.

The connection between **TC4N** and the portable terminal **TP2** features a RS232 link.  
Up to 100 TC4N units and a maximum of 9 999 accounts may be transferred to the **TP2**.

## ■ Example of data collecting printing

- **TC4N n° 51814**  
collect detail

- **accounts from 1 to 10**  
are locked
